Looking Forward in 2009-2010

As a Religion instructor Mary Loewen brought faith to life for RHS students. Her vast outside interests will make her new life very exciting!

pencils and crisp college-ruled loose leaf in your hand.

Regina High School has a lot to be proud of this school year as we celebrate our 53rd year of transforming girls into women in the Franciscan Tradition. Although we are sad to say goodbye to the 111 graduates of the class of 2009, we are so proud of their many achievements and look forward to hearing about their continued success in higher education. Their accomplishments will be an inspiration to our new students. We have several transfer students joining our upper-classwomen, and we welcome over 135 young women to the Freshman Class of 2013.

In addition to the changes in Regina's student body, there have been changes in the faculty, as well. Math teacher Mrs. Ann Hackstock and Art teacher Mrs. Jacque Lupinacci-Mooney have left Regina to move on in their careers. Both known for their energy and enthusiasm for learning, these women made a large impact in their short time at Regina. This summer, we said "Farewells" and "Congratulations" to three living legends of the Regina High School family as they

Cynthia Gagnier's sense of humor, love of theater and passion for teaching has made her one of RHS's most memorable teachers.

As a Foreign Language instructor Elizabethta Bucci brought love of language, culture, and an international flavor to RHS.

Meet the New Teachers

Pictured left to right: Ling Li, Sandy Mals, Katrina Sagert, Colleen Byrn, Bryane Kuzava, Kara Thompson, Kathryn Porembiak

Regina is welcoming seven new teachers including an additional Science Teacher and a teacher of Mandarin, to continue our mission of providing a world-class education to young women in the Metro-Detroit area.

Colleen Byrn is a graduate of Kalamazoo College with a degree in Chemistry, French Language, and Education. She is currently working on an additional endorsement in Physics at Wayne State University. Colleen will be teaching both Chemistry and French Language at Regina. "I am excited to become part of the Saddlelite Family and the long-standing traditions at Regina." We are so excited you are joining us Mrs. Byrn!

Bryane Kuzava is new to the Math Department. He graduated from University of Michigan – Dearborn in 2003, majoring in Mathematics and minoring in Psychology. This year he obtained his Master's Degree, also from U of M – Dearborn, specializing in Learning Disabilities. This is his sixth year teaching, and he will be taking on AP Calculus, Honors Pre-Calculus, and Algebra 2. He is "very excited to challenge the students of Regina High School. Welcome Mr. Kuzava!

Ling Li is teaching a brand new course at Regina High School, Mandarin Chinese! Ling was already a part of the Regina Family as host-mother to one of Regina's international students. A native of China, Ling spent several years there teaching the English Language. "Now I am in another great country – the United States! I wish to learn from my students here while I bring great Chinese culture to them." Welcome Ms. Li!

Principal's Message

It is a tradition at Regina High School to start the school year with a theme that provides a lesson and runs throughout the year. A Compass for Life's Journey is the theme we have adopted for 2009-2010. As our culture in the United States changes, as our world is on a fast-paced path, as our lives are directed and shaped by our choices and random events; we can allow ourselves to drift through life and hope that things turn out all right, or we can elect to influence our direction in life through prayer and good choices.

A compass represents our vision, values, principles, mission, conscience, and direction. As the magnetic needle on a compass points to the magnetic north, we need to tune-in to a mystical guidance device and make sure that we are on course with God as our magnetic north and follow His plan for our lives.

Besides Regina High School's academic standards, our programs are rooted in Scripture and tradition. We attend to moral formation, prayer, community life and service. We prepare young women to face the challenges of the 21st Century. Our mission is to graduate women who will face those challenges and be a source of inspiration to others.

Today, Catholic schools are closing and those that remain open and continue to provide Catholic education are experiencing a drop in enrollment due to the economy. Maintaining accessibility to Catholic schools is a major issue that requires attention. Financial support and stewardship from the entire Catholic community for the ministry of Catholic education has never been more important.

Your generosity has kept Regina High School viable. We want to make every attempt to remain affordable and accessible. Whatever donation you give to support our educational ministry is and continues to be greatly appreciated. Because of your support, our goal of making a difference in the lives of young women now and in the future continues to be possible.

God bless!

If It's September It Must Be Powderpuff

What do you remember about your Senior year at Regina High School? Differential Equations, Kate Chopin's *The Awakening*, and the name you sported proudly on the back of your jersey. One of the most memorable and exciting of Regina High School's many traditions is the annual Powderpuff Football game against Marian High School. From the moment a girl first steps into her saddle shoes, she waits with anticipation for the day that she gets to take the field with her classmates. In the weeks of conditioning and preparation, of exhaustion and excitement, and of bruises like battle-scars and band-aids like medals of honor come the unforgettable moments that define the Regina Experience. Strangers become classmates, classmates become friends, friends become teammates, and teammates become sisters. For the Class of 2010, the Pumas, this will be a moment four years in the making, as they hit the field on Saturday, September 19, 2009 at 1:30 PM at Stevenson High School in Sterling Heights on Dodge Park between 17 Mile and Utica.

The Annual Alumnae Tailgate begins at 11:00 and will be pot luck. Bring a dish, a smile, a healthy dose of memories, and your Regina Spirit and join us as we cheer our girls on to victory!

Looking Forward in 2009-2010

(Continued from page 1)

move on to the next stage in their lives, Ms. Mary Loewen, Ms. Cynthia Gagnier, and Ms. Elisabetta Bucci. Their years of service and dedication to Regina High School have influenced the lives of thousands of women who are forever grateful to them. They are in our thoughts and prayers as we begin this school year, and their legacy serves as an inspiration as we continue our mission of education. To all of these women, we are grateful to you for your time at Regina as educators, role models and friends. We wish you the best and hope to hear from you as you move on in your lives.

The new year is upon us, that's for sure. Before we know it we will trade the yellow sunshine for the rich orange and red of autumn, the pick-me-up of natural excitement for a strong cup of coffee, and our beautifully coiffed locks for the flop and flounce of a Regina Messy Ponytail. We will settle in for the year and, maybe even more exciting, the possibilities that have been humming in the halls of Regina will become realities.

Pass along your thoughts and blessings to Ms. Loewen, Ms. Gagnier, or Ms. Bucci by contacting the Advancement Office at magoll@reginahs.ocrn or 586-585-0500 ext. 285.

Giving Opportunities....

Donate your Car to Charity Motors...

If the car is in running condition, it is refurbished and sold to a person in need, if it needs to be scrapped, they take care of it for you. In both cases you receive the fair market value of your donation as a tax deduction, and Regina receives the cash. *Charity Motors* does take a low administration fee. For more information contact *Charity Motors* at 313-255-1000.

Shop Office Depot...

Whether purchasing school supplies or office equipment use ID number 40050573 and 5% of your purchase price is given to Regina.

Use Goodsearch.com... a search engine powered by Yahoo that donates one penny back to Regina for each search made. It's a very safe site – go online and review their mission. Also use *Goodshop.com* for your online purchases and RHS receives a percentage of the purchase price. Percentage varies depending on store.

Target Visa... Take Charge of Education. Register Regina as your school of choice and we receive 1% of your purchase price. You can register at any *Target* location.

Campbells Soup Labels... We collect labels from *Campbell* products, *Pepperidge Farm*, *Franco American*, *Swanson*, *V8*, and *Prego*. Bring in, or mail in the labels to Regina's office anytime. RHS receives cash, supplies, and equipment for your labels.

Ten for Tech

Please look closely at the envelope we have included in this edition of the Saddle News. It's not our regular remittance envelope for your Annual Fund gift; it is for a special project we call **Ten for Tech!** We don't have to tell you how fast technology keeps changing. First it was the internet, then text messaging, Myspace, Facebook, and now everyone is tweeting! It hard to keep up. Consider the challenges of our I.T. person at Regina, who recently told Sr. Leanne that the equipment we purchased just 2 years ago when we

moved to Warren is already beginning to show signs of aging. Thank goodness people don't age that fast! To keep our technology on the leading edge so Regina students have every available advantage at their disposal, we need to continually update and upgrade our hardware and software. Your gift of \$10 to the **Ten for Tech** fund will keep Regina competitive. If you want to help with this important program send your gift in the envelope enclosed in this edition. Remember to keep in touch, see you in cyberspace!
